Juveniles on Parole Reinforcement Status
July 2001 through December 2001 by Intake Date

Parole Reinforcement is for juveniles who have been released from secure custody to community supervision that did not comply with their release conditions. There were 380 juveniles returned to the Arizona Department of Juvenile Corrections between July 2001 and December 2001 for a revocation hearing, 50% (190 juveniles) were placed on Parole Reinforcement, an increase from 36.8% in the previous six month time period. By definition, Parole Reinforcement is for juveniles found "proven" of an administrative or delinquent offense by an ADJC Hearing Officer. They remain on Parole status, however, they are assigned to a Parole Reinforcement facility (Sunrise Mountain School for males and Independence Parole Violator Center for females) so staff can determine why they didn't comply and help them succeed on their subsequent release to the community.
